EcoWater Professional Products Expands Commercial Business Channel

St. Paul, Minn. (July 29, 2013) – EcoWater Systems, Professional Products LLC is pleased to announce the expansion of its commercial business channel through the incorporation of Ecodyne Water Treatment LLC of Naperville, IL, into EcoWater Systems, based in St. Paul, MN.

In making the announcement, Chris Wilker, President of EcoWater Systems, Professional Products, stated, “By combining the resources of two Marmon Water Group companies, both of which are long-standing leaders in the water treatment industry, we can offer water treatment professionals considerable advantages.” Benefits include leading edge technology, a broader line of products, improved technical support and training, as well as new commercial rental and lease programs.

About EcoWater Systems, Professional Products:

EcoWater Systems has been in business since 1925, consistently offering high quality, state-of-the art, innovative technology and excellent installation and post sale support. EcoWater is one of the world's largest manufacturers of residential water treatment systems. EcoWater Systems is a Marmon Water/Berkshire Hathaway Company.
